1. INTRODUCTION

1.1 Executive summary

This deliverable report is related to the WP4 – Task 4.2 Active dissemination and awareness-raising (4-24). The main goal of this deliverable is to overview the implementation of Dissemination, outreach and communication plan and dissemination and awareness-raising activities performed by the Partnership.

1.2 Introduction and objectives

BIGINN marks a new beginning for business and Big Science Innovation. The project has the overarching objective of exploiting the potential for innovation and international collaboration from the Big Science market by tapping into the huge investments in state-of-the-art technologies in this field. The consortium partners from Denmark, Spain and Lithuania have joined forces for the ClusterXchange programme to address the specific challenges of the sector, namely:

- Strengthen and professionalise the cluster management skills in the new area of Big Science clusters.
- Employ cluster mobility schemes to implement cross-fertilization of innovation opportunities at the different clusters.
- Improve SME global competitiveness by establishing international relations and collaborations.

1.3 Legal notice

Table 1: BIGINN partnership

Participant Organization Name	Short Name	Country
TEKNOLOGISK INSTITUT	DTI	Denmark
ASOCIACIÓN ESPAÑOLA DE LA INDUSTRIA DE LA CIENCIA	INEUSTAR	Spain
VIESOJI ISTAIGA FIZIKOS INSTITUTO MOKSLO IR TECHNOLOGIJU PARKAS	LITEK	Lithuania

2. AWARENESS-RAISING ACTIVITIES

2.1 Communication tools

Various communication tools to promote BIGINN Partnership were presented in the Deliverable D4.1 – Dissemination, outreach and communication plan:

- Logo;
- Colours;
- Brochures;
- Roll-up;
- Banners and other online materials;
- Slides;
- Webpage.

Maintaining a uniform style has allowed creating a visual identity for the BIGINN project and its activities, and to maintain the integrity and better recognition of the information presented.

Fig. 1. Example of online BIGINN communication

Branded physical products, such as brochures, roll-ups, pens... were used to create a positive association with the BIGINN brand, enhance visibility, and ultimately contribute to the success of the BIGINN Partnership activities.

Fig. 2. Example of BIGINN branding

Short videos are also effective awareness-raising tools as they can grab attention quickly, facilitate sharing, adapt to social media trends and deliver concise messages in a format that fits modern consumption habits. With this in mind, the BIGINN partnership produced short videos to capture and disseminate the good practices presented by Xchanges participants and to present the results of the project to the public.

Fig. 3. Example of BIGINN related videos for communication

A video "Overview of BigScience market and BIGINN partnership's activities" was created as well: <u>https://youtu.be/YJJk3xiEoNk</u>

Testimonials

Testimonials from BIGINN ClusterXChange participants play a crucial role in establishing credibility, building trust, and promoting the success of the events. They serve as powerful tools for marketing, motivation, and improvement, contributing to the overall success and reputation of the BIGINN project. In order to show the achievements of BIGINN activities, success stories from the 360° Xchanges were collected and shared.

Testimonials were gathered in the format of video and presented on LinkedIn by using BIGINN and/or the channels of BIGINN partnership members.

See some examples of LinkedIn posted online videos:

- https://www.linkedin.com/feed/update/urn:li:activity:7137792571988140032

- <u>https://www.linkedin.com/posts/bigscience-dk_cosme-engineering-europe-activity-</u> 7059753841000341504-_yOE

Some of the testimonials have been also posted on BIGINN webpage:

Fig. 4. Testimonials on BIGINN webpage

2.2 Press releases or communication messages

Reaching potential key partners and raising awareness on the benefits of BIGINN activities for SMEs and other actors in the Big Science sector has been of utmost interest for the Partnership. Main goals could be summarized in: to inform stakeholders and potential beneficiaries about the BIGINN Partnership, provide general information about project activities, including ClusterXchange, and main achievements, information. Depending on the purpose of the message and the target audience, communication using individual Partner's channels and/or BIGINN were used in order to reinforce the effect of the message.

- BIGINN website: <u>https://biginn.eu/</u>
- BIGINN LinkedIn: <u>https://www.linkedin.com/showcase/biginn</u>

Apart from the BIGINN website and LinkedIn posting, the Partnership and other dissemination partners were used to broaden the diffusion. The follow-up of the dissemination has not been a key for BIGINN project, so the following Figures show only dissemination activities coming from the Partnership (see Fig. 5).

Fig. 5. 2022-2024 Posts, press-releases, newsletters... (results from live tool). In total, 34 posts in 2022, 66 in 2023, 3 in 2024.

Core messages:

- Networking and Learning Xchange at Czech Republic 2022
- Purpose: Invite to CxC to Czechia
- <u>With financial support from BIGINN find new technological and business opportunities at BSBF</u> Purpose: Invite to CxC to meet BigScience in Spain
- <u>Big business opportunities in the Big Science market</u> Purpose: overview of business opportunities
- <u>EU Science Facilities are Calling for Business Partners</u>
- Purpose: introduction to BigScience players and opportunities
- Participate at Workshop: Knowledge and Technology Transfer in Big Science
- Purpose: invite to sharing best-practice workshop organised by BIGINN Partnership <u>Let's meet with DESY and XFEL</u>
- Purpose: introduce CxC to DESY and XFEL
- <u>BIGINN ClusterXchange: Science & Innovation in Vilnius</u> Purpose: introduce CxC to Vilnius
- <u>BIGINN ClusterXchange: The Particle Accelerators Community</u> Purpose: introduce CxC to Venice, Italy
- <u>ClusterXchange to Netherlands: Space community</u>
 Purpose: publicise successful CxC to Netherlands
- BIGINN ClusterXchange: Quantum Science in Vilnius
- Purpose: introduce CxC to Vilnius
- <u>Going for Gold</u>
- Purpose: publicise successful learning experience and outcomes
- Enrich Your Business Prospects: Embrace the Nordic Big Science Ecosystem at NBSID'23
- Purpose: introduce CxC to NBSID'23
- <u>Servicing companies in the Big Science market</u> Purpose: review BIGINN Partnership's achievements

3. Dissemination and awareness-raising events

To raise the awareness, active promotion and dissemination is essential. The BIGINN partnership has organized and participated in many workshops, conferences, B2B meetings and other multiplier events to share and spread the information with stakeholders and potential members/clients about the opportunities offered by the BIGINN project.

Since the beginning of the project, potential events and other activities have been planned and tracked. This has allowed to see what dissemination and awareness-raising activities were made by the Partnership and what reach out it created.

BIGINN consortium using presentations, introductions, caring out other outreach activities reached more than 2.500 people during project time (see 3.2 BIGINN promotion in other events).

Additionally, more than 700 participants (~50% SMEs) benefited from the awareness-raising activities organized by BIGINN Partnerships; where, among others, key achievements and goals of BIGINN were presented, an introduction on BIGINN Partnership's portfolio or services (including new) was given, possibilities for new partnerships/collaboration activities were promoted, etc. (see 3.1 BIGINN events).

3.1 BIGINN events

Members of BIGINN Partnership organized and/or co-organized various round-table discussions, open door visits and sharing best practices events in order to create an active community and boost the awareness of BigScience market and BIGINN Partnership. The main aim of these events was to support the activities of the Partnership for cluster excellence capacity-building, outreach and awareness raising activities related to the ClusterXchange mobility scheme outreach, presenting BIGINN Partnership activities and/or creating Big Science community that would potentially benefit to get from BIGINN Partnership's activities by introducing actors to the market for Big Science and how to benefit from being a part of it.

Performance measurement:		rmance measurement: Events -organized by BIGINN		-organized by BIGINN				
Date	Date Partner Ocassion/event		Туре	Audience size	Outcome, success story			
2022-03-29	BigScience.d	NordiC ITER Business Forum	Round-table	100 participants from ITER member countries (40 SMEs)	Full day event. Presentation of business opportunities by ITER, F4E. 40 Danish Companies. Event hosted at Danish Technological Institute (DTU) which has a synchrotron.			
2022-05-24	Ineustar	ALBA Synchrotron Industry Day	Open doors	48 participants from Spanish companies and Research and Technological Institutes (38 SMEs)	In the coming years, the Spanish ALBA Synchrotron plans to update the facility (ALBA II), which involves both the accelerator complex and the addition of new beamlines to the synchrotron. During the 2022-2030 period, significant investments are planned. This conference was undoubtedly a great opportunity for companies to receive relevant technical information on ALBA's industrial investments in the short and medium term. Also, companies had enough time for B2B meetings with ALBA technicians, as well as a networking meal and an attractive visit to the Synchrotron and its Laboratories.			
2022-06-02	BigScience.d	Members network day	Round-table	15 participants (10 SMEs)	Full day networking, 1:1 consultations with ESS and CERN. Presentation on ITER and visit to Danfysik			
2022-09-30	LITEK	Partnership event	Open doors	8 participants (6 SMEs)	Introduction to Big Science market was given, companies presented their experience in working with Sc industry, excursion to their laboratories where organised			
2022-10-27	LITEK	Extreme Light Infrastructure (ELI) and Lithuania: in search of synergy	Round-table	13 participants: 2 SMEs, ELI representatives, scientists, governmental authorities	Introduction to ELI activities and Lithuania's involvement; political discussion on how Lithuania could involve more and reach higher synergy			
2022-11-29	LITEK	Partnership event	Open doors	24 participants (20 SMEs)	Introduction to Big Science market was given, potential suppliers for BSOs introduced their capabilities and research fields			
2022-11-29	Ineustar	Spanish Big Science round table. Dialogue between companies and institutions	Sharing best-practi	32 participants from Spanish companies, government, RIs and other R&D support organizations (13 SMEs)	The objective of the round table was to be a forum for discussion among the different agents in the sector with the aim of finding specific formulas and activities that allow this public-private collaboration to be maximized with the aim of strengthening companies in the sector while promoting the technological and scientific development of Spain.			
2022-11-29	BigScience.d	Visit to ESS	Open doors	20 participants (11 SMEs)	Visit to ESS. Presentation by ESS of future needs. 1:1 meetings with companies			

2023-01-13	BigScience.d	BigScience.dk new year reception	Round-table	18 participants (16 SMEs)	Future trends for BigScience market, and BIGINN programme for 2023
2023-03-22	LITEK	Big Science in Vilnius	Open doors	25 participants (8 SMEs)	Introductions to Lithuanian laser community, participation in ELI, visits to companies and laboratories, discussion for joint collaboration projects and other initiatives
2023-03-23	LITEK	Laser particle accelerators, their applications, and possibilities of experiments in the ELI infrastructure	Sharing best-practi	75 participants (20 SMEs)	Sharing best practices in working with ELI, technologies and possibilities for business and science
2023-04-21	BigScience.d	BigScience + meeting for paying members	Round-table	6 participants (4 SMEs)	Use of road maps on procurement and technology needs from BIGINN and BSBF
2023-05-11	LITEK	Partnership event	Open doors	27 participants (12 SMEs)	Main idea to introduce laser technologies and electronics possbilities for industry and Science, find new partners, present existing capabilities
2023-06-06	LITEK	Photonics for Science and Science for photonics	Open doors	25 participants (10 SMEs)	Introduction to Lithuania's & Czech's laser community, finding points of contact between business and science, discussing how to initiate joint activities, introducing community members and best practises
2023-06-14	Ineustar	Spanish Big Science facilities event	Round-table	110 participants, >50% SMEs	The main objective was to serve as a meeting point to establish links between the Spanish science industry and the most relevant scientific infrastructures in the areas of particle physics, fusion and astronomy. Based on the investment plans foreseen for this set of centers, in the event the most outstanding technological challenges and opportunities for the Spanish science industry in the coming years were discussed
2023-07-11	BigScience.d	VISIT to CERN	Sharing best-practi	7 members, 250 LinkedIn followers, 350 receipients of BigScience.dk newsletter plus Research Ministers media	Four Danish companies participated in a vacuum workshop at CERN. At the same occassion, they met the Danish Research Minister, Christina Egelund
2023-08-29	BigScience.d	Partnership event	Open Doors	340 recipients of BigScience.dk newletter and 250 LinkedIn followers	BigScience.dk annual meeting The programme included news about projects at European Spallation Source ERIC and insights into how to become part of Big Science projects with integrator AVS Added Value Solutions, Hans Priem @VLD ETG and IDOM Consulting, Engineering, Architecture. Networking and B28
2023-09-29		Canary Islands Astrophysics Institute opportunities and challenges	Open doors	64 participants, including Spanish Ministry, scaling-up support organizations, technology centers ~30% SMEs	The objective of these conferences was to bring the industry closer to the current and future technological opportunities and challenges of the Canary Islands Observatories.
2023-12-12	ILITEK	Discussion: photonics in business and big science	Sharing best-practi	21 participants (17 SMEs)	Discussion with LT laser, optics and photonics companies about their involvement in the science and in BigScience markets, future vision and opportunities
2023-12-13	Ineustar	Partnership event Op	en doors		Insights on Particle detectors past, present and future trends and needs. Visit to IFIC, the Spanish Institute for Corpuscular Physics

Fig. 6. 2022-2023 Awareness-raising activities (results from live tool)

Outreach and dissemination examples:

5/11/23 Open doors

3/9/2023 KT/TT trainings

3/23/23 Sharing best-practice

Outreach (participants in BIGINN events)	Plan	Results
No. of participants in BIGINN events	150	704
- involved SMEs	- 120 (80%)	- 349

Organized BIGINN events contribute not only to raising awareness of the project and the ClusterXchange mobility scheme, but also help to attract participants to organized exchanges or other BIGINN project activities (e.g., trainings).

3.2 BIGINN promotion in other events

The reason to promote BIGINN Partnership in other events has been to disseminate the activities carried out by BIGINN Partnership by introducing, sharing and spreading the information with stakeholders and potential members/clients about the opportunities offered by the BIGINN project. This was done by participating in various workshops, conferences, B2B meetings and other multiplier events. Each outreach activity was planned and tracked (see Fig. 7). In total, BIGINN consortium members participated in 61 events, reaching out to more than 2500 participants.

Performance measurement: -outreach + presentations (other events)

				2022		
Date	Partner	Occasion/event	Туре	Audience size		Aim / Outcome
	15 Ineustar	INEUSTAR board meeting	Presentation	7 participants	7	Introduction to the project
2022-03-2	9 BigScience.d	k ITER Nordic Business Forum	verbal introduction	5 participants	5	Agreed to further discussions on BIGINN with BigScience Sweden
2022-03-3	1 LITEK	LITEK board meeting	Presentation	11 participants	11	Introduction to BIGINN activities and CXC mobility scheme
2022-04-2	21 LITEK	Introduction to HiLASE	Presentation	2 participants	2	HiLASE agrees to host Xchange
2022-05-2	24 Ineustar	ALBA Synchrotron Industry day	Presentation	48 participants	48	The BIGINN project was introduced to the participants in the introduction and also addressed verbally face to face to the potential interested SMEs
		1			L	participating
2022 06 01	RigScionco dk	Meeting with Peeria board talk about	Procontation	6 participants	6	will sign dissemination partnership agreement, survey of services and
2022-00-01	L BigScience.dk	dissemiating BIGINN	Presentation	6 participants	0	interested in discussing survey outcome
2022-06-01	L Ineustar	ELI iberian info day	verbal introduction	42 participants	42	ELI and CLPU glad to host Xchange. Introduction on BIGINN Xchanges and possibilities for collaborations
2022-06-02	2 Ineustar	Meeting with CDTI	verbal introduction	3 participants	3	Iter Business Forum for organizing agenda around it. CDTI agrees to collaborat
2022-06-02	2 BigScience.dk	Members network day	Presentation	10 participants	10	Informed the BigScience.dk members present and the ESS ILO Mirko Mennin about BIGINN and the upcoming Xchanges
2022-06-22	2 Ineustar	IMoH - 1st International Meeting on Opportunities and Challenges for Hicans	Presentation	15 participants	15	Informed participants on BIGINN project opportunities for them, specially upcoming BSBF
2022-07-16	5 Ineustar	SPIE. Possibilities of support for future agendas	verbal introduction	9 companies	9	Informed several companies on future BIGINN events that could boost their knowledge of Big Science market
2022-08-05	5 Ineustar	preparation of proposals for 3 projects - for Spanish call "Misiones CDTI 2022"	verbal introduction	20 companies	20	Assisted to the preparation of 3 collaborative projects. INEUSTAR helps in the dissemination, and told the companies of the possibilities of preparing international Xchanges under the unbrella of BIGINN
2022-08-10	BigScience.dk	Visit of ESS CEO Helmut Schober to	verbal introduction	5 narticinants	5	Introduction of BIGINN Project
		DTI/BigScience				
2022-08-27	7 LITEK	LT laser community conference	Presentation	35 participants	35	Introduction of BIGINN Partnership to laser community
